

# SO YOU HAVE A GPS UNIT... NOW WHAT DO YOU DO WITH IT?

Workshop for Educators  
September 26, 2009  
9 am—2 pm

*If you have been meaning to incorporate GPS technology into your curriculum but did not have the time to learn how or need ideas to create lessons, this is the workshop for you!*

## Agenda:

9-10 Introduction to Global Positioning Systems (GPS)

10-11:30 Geocache on campus

11:30-Noon Lunch

12:00-1:30 Tree identification quest on campus

1:30-2:00 Wrap up and questions

We will be using Garmin Etrex Legend GPS units. If your school has another type, bring it along and we will try to answer your questions at the end of the session.
